

Cruise-IP

Maritime Broadband from NSSL

UPDATE

Super Premium 3Mb/512k

- We are pleased to announce to all our Cruise IP vessels subscribing to NSSL's premium airtime package and sailing in the Caribbean and Mediterranean that as of the 9th of April we have upgraded your package so you can now enjoy an increase of 50% download speeds up to 3Mb, instead of the usual 2Mb at no extra cost!

Pacific Ocean Region

- Pacific Ocean Region – We now have Cruise IP coverage in the Pacific Islands, Western Pacific, North East Asia and South East Pacific. If you are planning on sailing into the Pacific in the next 6 months please advise us as soon as possible so we can ensure we have enough capacity to meet your broadband needs in these areas.

Premium Voice

- We launched at the end of 2007 a premium voice service that provides our Standard and Premium Customers with dedicated and US Toll quality voice – If you wish to trial this service please let our Cruise IP team know and we can arrange to send you out a Premium Voice Modem and get you set up for service.
